Driving During a Power Outage

Driving During a Power Outage?

Follow these important
safety tips

PLAN

- ✓ plenty of travel time.
- ✓ a stop to get fuel.
- ✓ for emergencies with flashlight and batteries.

STOP

- ✓ at all intersections if traffic signals are out. Then proceed cautiously.
- ✓ at all railroad crossings. Make sure tracks are clear before proceeding.

WATCH

- ✓ for pedestrians and bicyclists on darkened streets.
- ✓ carefully for your offramp and allow plenty of time for lane changes if freeway signs are dark.

EXIT

- ✓ the roadway and park in a safe place if you need to consult a map or use your cell phone.

CALL

- ✓ 911 if you see a crime in progress.
